

# 14차 서울대학교병원 인공와우심포지엄

2020. 12. 6. (일)  
오전 9시-오후 4시  
비대면 온라인 강의 진행

서울대학교병원 이비인후과

서울대학교 감각기관연구소

서울대학교 청각평형교육센터

## 초대의 글

It's our great pleasure to invite you to the 14th SNUH International Symposium on Cochlear Implantation despite the COVID-19. There have been a lot of exciting developments in the field of cochlear implantation. The goal of this symposium is to share this knowledge and scientific ideas. Since the first cochlear implantation in 1998, we have tried our best to sustain our status as the best cochlear implantation center in Korea. We will always do our endeavor to maintain our status. Thank you all so much for supporting us. South Korea is one of the world's fastest aging countries. A study by Statistics Korea showed that Korea will become the world's most aged society by 2067, with the senior population to make up 46.5 percent of the population. With the aging of the population, the number of individuals with hearing loss and meeting auditory criteria for CI will continue to increase. The theme of this year's symposium is "Cochlear implant surgery in the elderly". We will have exciting presentations that focus on the difficulty and interesting cases, new surgical techniques, and the outcome of cochlear implant surgery in the elderly. Especially it is our honor to have Professor Aarno Dietz from Kuopio University Hospital (Finland) as the invited speaker. We are sure that this meeting will provide recent knowledge and opportunities to exchange each other's pioneering experience. We feel highly honored by your presence. We look forward to seeing you all at this symposium.

Seung Ha Oh

Chair of the SNUH Cochlear Implantation Center,  
Seoul National University, College of Medicine

## Main theme: Cochlear implant surgery in the elderly

09:00-09:10	Welcome address	Seung Ha Oh (Seoul National University)
	<b>Session 1. Difficulty and interesting cochlear implant cases</b>	<b>Byung Yoon Choi (Seoul National University)</b>
09:10-09:25	Expansion of adult cochlear implant candidacy	Il Joon Moon (Samsung Medical Center)
09:25-09:40	Cochlear implant in the elderly with progressive performance decline	Jeong Hun Jang (Ajou University)
09:40-09:55	Cochlear implantation in patients with single-sided deafness with tinnitus	Jae-Jin Song (Seoul National University)
09:55-10:15	Subtotal petrosectomy with CI in elderly patients: Surgical tips and considering factors	Shi-Nae Park (Catholic University of Korea)
10:15-10:35	Cochlear implant in elderly with auditory neuropathy	Jae Young Choi (Severance Hospital)
	<b>Session 2. Surgical techniques for the elderly (English session)</b>	<b>Seung Ha Oh (Seoul National University)</b>
10:35-10:50	Surgical considerations of cochlear implant in elderly patients	Jong Woo Chung (Asan Medical Center)
10:50-11:20	The suprameatal approach in cochlear implant	Seung Ha Oh (Seoul National University)
11:20-12:00	Transmastoid posterior tympanotomy approach in local anesthesia without sedation	Aarno Dietz (University Hospital Kuopio, Finland)
12:00-13:00	Lunch	
	<b>Session 3. Surgical and hearing outcomes in the elderly</b>	<b>Ja-Won Koo (Seoul National University)</b>
13:00-13:20	Surgical and hearing outcomes in the elderly	Oak-Sung Choo (Seoul National University)
13:20-13:40	Anesthetic consideration in the elderly	Hyung Min Oh (Seoul National University)
13:40-14:00	Dizziness after cochlear implant	Sung Huhn Kim (Severance Hospital)
14:00-14:20	Rehabilitation issues in the elderly	Hyun Young Park (Seoul National University)
	<b>Session 4. New technologies in cochlear implant</b>	<b>Min-Hyun Park (Seoul National University)</b>
14:20-14:40	Electroacoustic interference in cochlear implant	Sang-Yeon Lee (Seoul National University)
14:40-15:00	Perception and coding of interaural time differences with bilateral cochlear implants	Woongsang Sunwoo (Gachon University)
15:00-15:20	fNIRS in the study of cochlear implant: pros and cons with recent updates	Jeong-Sug Kyong (Hallym University of Graduate Studies)
15:20-16:00	Management of Children Using Cochlear Implants and Hearing Aids (subject to change)	Colleen Psarros (Cochlear, Limited)

## 등록안내

- 행사 준비 관계로 사전등록을 부탁드립니다. 참가신청서를 작성하셔서 이메일로 전송 또는 구글폼으로 신청해주시면 됩니다. 이때 등록자의 소속, 성함 외에 휴대폰 번호와 이메일 주소를 반드시 기재하셔야 온라인 접속 Pass code가 발송됩니다.

- 등록 마감은 **2020년 12월 1일 (화)** 오후 5:00이며, 등록 취소는 반드시 이메일 또는 이비인후과 교실 사무실로 연락 부탁드립니다.

### ※ 추가 안내 및 주의사항 ※

- 등록 마감일 이후에는 추가 등록이 불가능합니다.

- 참가 신청을 하신 분들에게 학술대회 전일까지 온라인 강의 사이트와 초록파일(PDF)을 개별적으로 보내드립니다.

더불어 참가 신청서 작성 시 등록자의 소속, 성함 외에 휴대폰 번호와 이메일 주소를 반드시 기재하셔야 온라인 접속 Passcode가 발송됩니다.

- 각 세션(Session)마다 로그인, 로그아웃하셔야 접속으로 인정되며, 각 세션별 접속시간으로 계산된 총시간으로 평점이 부여되오니 참고하시기 바랍니다.

- 강의파일의 불법다운로드나 녹화는 불가능합니다.

### [등록비]

	금 액 (원)
교수, 전문의, 연구책임자	10,000
학생, 청각사, 언어치료사, 전공의	무 료

### [등록비 납부 계좌]

신한 100-022-881286 이준호
